

## **BioThane® BETA (Leashes & Collars)**

**BioThane® BETA** is soft to the touch with excellent flexibility even in cold temperatures. The material is very easy to grip, has fair abrasion-resistance and coating tear strength and excellent weather resistance. Its similarity to leather makes the material ideal for dog collars and leashes.

### *Biothane Beta colours overview*

	<i>Black</i>		<i>Neon orange</i>		<i>Green</i>		<i>Pastel blue</i>
	<i>Brown</i>		<i>Neon green</i>		<i>Light green</i>		<i>Lila</i>
	<i>Light brown</i>		<i>Neon yellow</i>		<i>Pastel green</i>		<i>Pastel purple</i>
	<i>Wine red</i>		<i>Neon pink</i>		<i>Blue</i>		<i>Red</i>
	<i>Grey</i>		<i>Pastel pink</i>		<i>Light blue</i>		

**Warning:** please be aware that the neon colours may leave colour on surroundings (therefore store separately) and also fittings may leave imprint on Biothane® over longer time – these are not objects to make a claim as well as the mechanical damages.
